

AC series

Intelligent Charger

AC1225C

Reliable

- Supports multiple battery types
- Setting parameter power-down save function

Safety

- With multiple protection functions
- IP65 protection degree for outdoor installation

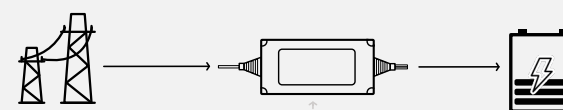

Intelligent

- 6-stage intelligent charging
- Built-in Bluetooth, support to view data through mobile APP

User-friendly

- Easy to install, simple to use
- Completely silent during charging

MODEL	AC1225C	Can Be Set
MAIN		
Charging Current	25A	
Charging Method	Six-segment charging	
Standby Power Consumption	<5W	
System Voltage	12V	
Battery Voltage Range	9V~17V	
Input Voltage	180~264VAC	
Input Frequency	45~65Hz	
Li-ion Battery Activation	Support	
Li-ion Battery Low-Temp. Charging	Enabled by default	✓
Fully Charged Setting	Disable by default	✓
COMMUNICATION		
Standard	Built-in Bluetooth	
GENERAL		
Protection Function	Output reverse protection, over-voltage protection, over-temperature protection, and under temperature protection	
Operating Temperature	-35°C ~65°C	
Protection Degree	IP65	
Altitude	≤2,000 m	
Weight	1.7 kg	
Dimensions	347.7 * 124.1 * 66.0 mm
